

# View previous programme deliveries

See the current programme and review what changed in previous deliveries.

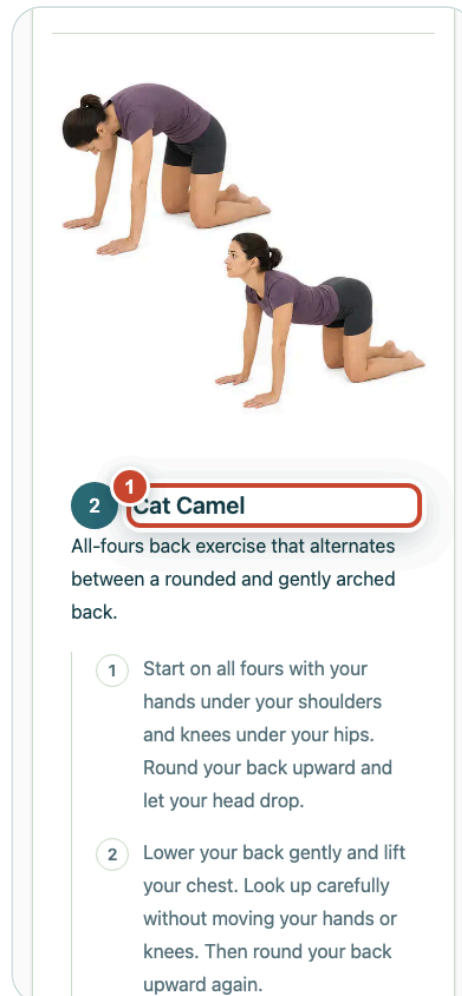

---

1

## Check the updated programme

**Where you are:** Your care provider has sent a new programme version.

**What to do:** Check that the new exercise appears in the current programme.

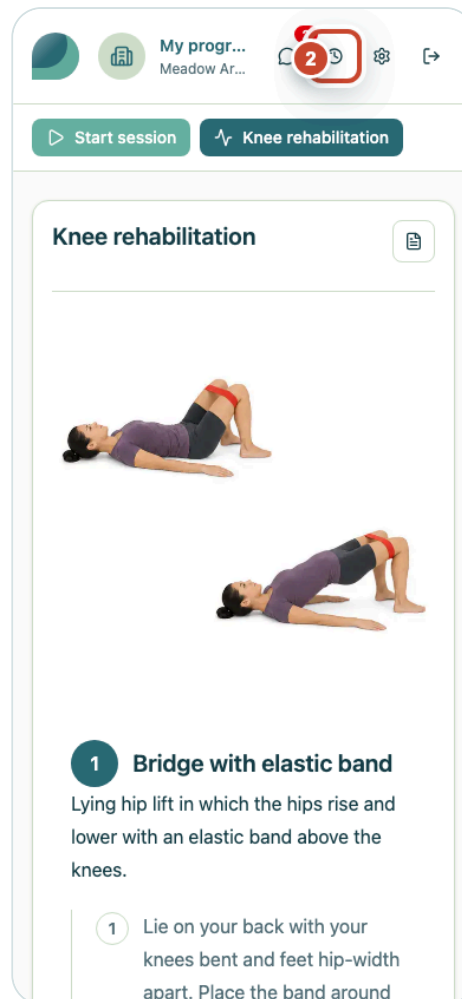

**Complete when:** The current programme shows the newly delivered exercise.

2

## Open all deliveries

**Where you are:** The current programme is open.

**What to do:** Select All deliveries.

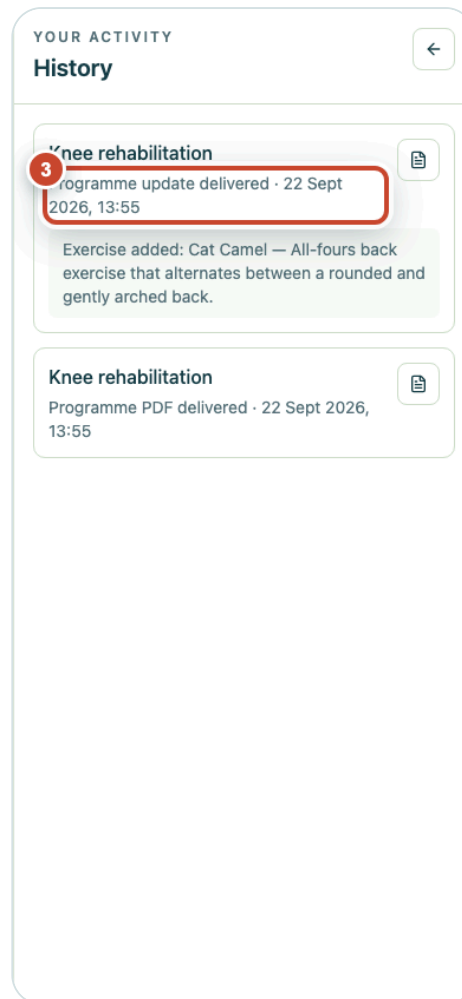

**Complete when:** The delivery history opens.

3

## Review the change

**Where you are:** The delivery history is open.

**What to do:** Read the latest delivery and its listed changes.

**Complete when:** The programme update and added exercise are shown.
